Men in suits will be among the special prizes to be given away at the new Torrance Lincoln-Mercury agency this week-end. Bill Richey, who owns a pet monkey, is quite interested in this bit of news, while his father, Elmer Richey of 808 Amapola seems more interested in the new Mercury here being displayed by Richard M. Walberg (l), owner of the new agency.— Press Photo.

**New Lincoln-Mercury Agency Celebrates 3-Day Grand Opening**

A double celebration, marking the grand opening of the new Torrance Lincoln-Mercury agency as well as the coming-out party of the new Mercury and Lincoln, will be held this Thursday, Friday, and Saturday at 1885 Torrance Blvd.

Refreshments, gifts, and entertainment will be provided during the three-day grand opening. A special event will be the giving away of a number of monkeys (or government bonds, as alternatives) to some lucky youngsters.

Every child attending the grand opening will have a chance to win one of these prizes to be given away Saturday about 4 p.m.

**Outstanding Features**  
 "We invite everyone to come in and see the miraculous Mercury and the luxurious Lincoln," Richard M. Walberg, general manager and owner, stated.

Pointing out some of the outstanding features of the new Mercury, Walberg emphasized the increased horse-power, new painting and styling, and the steadier and sturdier grill.

The new agency will be open until 10 p.m. every night during the grand opening celebration, Walberg said.

Walberg's Lincoln-Mercury agency was formerly the Fred

headed by Pat Cavanaugh, service manager, is fully equipped and will service any make or model car.

Cavanaugh has been a Lincoln-Mercury service manager for 10 years. Factory-trained, he is a registered mechanic, registered service manager, and has been schooled in hydramatic, mercomatic, turbo-drive, and Fordomatic.

John Manning, sales manager, has been associated with Ford, Lincoln, and Mercury products in and around Los Angeles for five years, at one time breaking the Ford sales record on a 30-day basis.

In addition to offering a complete line of new cars, the local agency will also maintain a well-stocked inventory of "Safe-Buy" used cars, Manning stated.

Manning and Walberg are both making plans to move their families to Torrance.

**CONSTIPATION**  
 FAST PROVEN METHOD  
 RELIEF IN 20 MINUTES

Learn the true facts of disease. Many people constantly complain of stomach disorders, such as gas, bloating, burning of the stomach, abdominal cramps, nausea and vomiting, when in reality, the lower part of the bowels is to blame. It is a well known fact that most distress in the abdominal region is self diagnosed as stomach trouble. This misconception is a natural one. Constipation results in the formation of large quantities of poisons that gain entrance into all parts of the body by means of the blood stream and lymph channels. The effect is the same as it would be if you were to swallow a dose of poison every day. The first and last thought in the mind of most people when they become constipated is to take a physic, yet no physic was ever made that would cure constipation. Continued use of physics leads to definite ailments of the colon itself, stop fooling yourself. Know the true facts of disease. Life or Death can be due to neglect of your physical condition.

**HEART**

**GALL BLADDER**  
 The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner but pours out fluid which differs greatly in composition from the normal bile; or it harbors a stone which causes trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach Ulcer or gastritis are really affected with some form of Gall Bladder disorder.
